Passionate developer with 4 years 2+ month of experience. Proven track record of delivering high-quality, user-friendly, and responsive applications that meet business requirements. Strong understanding of modern web development technologies like ReactJS, NextJS, JavaScript, TypeScript, GraphQL, HTML, CSS/SCSS, Storybook, AWS.

Sr. Software Development Engineer
Kohler Co., Remote
Aug 2022 - Present (6m)

- Developed and maintained user interfaces for web applications using modern web technologies such as **Next.js**, **ReactJS**, **Contentful**, Tailwind CSS, and Microsoft Azure, Contentful to serve as the headless CMS for managing the website's content, Commerce Tool to provide e-commerce functionality
- Integrated OIDC **Okta SSO** with multiple IdP for customers
- Created **CI-CD** for Contentful migration scripts

Sr. Software Development Engineer
Emtec Technologies, Pune
Dec 2018 - Aug 2022 (3yr, 8m)

- Worked on a single-page application for a US-based Fintech client, utilizing **ReactJS, React Hooks**, and **Context API** for front-end development, **TypeScript** and **GraphQL** for API integration, Apollo Client for state management, **Material UI** library for component design, **Jest** and **Enzyme** for unit testing
- Developed a UI component library to improve efficiency and maintain consistency across the application
- Worked on revamping the existing UI as per new Design requirements. Using Jest and Enzyme achieved **98-99% of code test coverage**.
- Delivered essential features, including Referrals program, Promotional offers, and Plaid external account linking
- Implemented CI-CD processes for Angular and C# applications to ensure timely and accurate releases.
